

STARBUCKS PREFERRED OFFICE COFFEE PROVIDER

Breakfast Blend 2.5 oz./18 ct.

Light-bodied, mild and flavorful, Starbucks® Breakfast Blend makes a bright first impression. With a touch of sparkle, it's a delightful accompaniment to the start of your day.

House Blend 2.5 oz./18 ct.

Welcome to Starbucks own House Blend. Easy to drink, with light-to-medium body and a faint hint of toasted nut flavor, this is Starbucks timeless signature blend and (not surprisingly) a simply wonderful cup of coffee.

Decaf House Blend 2.5 oz./18 ct.

Discover Starbucks Decaf House Blend. The coffee has been carefully decaffeinated using a safe, gentle method so it retains all the body and flavor of House Blend for a perfect cup every time.

Caffè Verona 2.5 oz./18 ct.

Caffè Verona® is a complex blend of Latin American coffees with the richness of Indonesian coffees. A touch of dark roast adds depth and sweetness. Great any time of the day, it's an excellent pick-me-up and fantastic with chocolate.

Sumatra 2.5 oz./18 ct.

This coffee is Starbucks most popular single-origin coffee. Earthy and herbal, Sumatra has an unusually concentrated flavor with heavy, full body and a deep, intense aroma.

French Roast 2.5 oz./18 ct.

Starbucks darkest roast is blunt, smoky and adventurous. Blended with dense, very high-grown Latin American beans that can withstand the heat and length of the roast cycle. In the end, it's not the variety of coffee you taste, but the roast.
